

The Forward O. P.

The time change Sunday morning caught quite a few of us napping if what my spies tell me is true. Of course I forgot to set the clock ahead and strolled into the Journal office just an hour behind schedule, too. At Church the waiting congregation had sung itself out and decided to go home when the good Dr. Williams came hurrying in. At the Steak House Pick Laughlin said he was going to work Sunday on the old time and let Monday take care of itself. Even the wind was an hour behind schedule and had to blow like everything to get caught up. What I can't figure out is how the weatherman got so completely balled up; he sent a 12-inch snowstorm to Gorgonio in the middle of March. That oughta "learn" the State lawmakers to quit monkeying with Nature.

The side-walk superintendents are having it all their own way, now that the Lindberg building and Mrs. Cobb's new Shell station are going up. Well, it gives the boys on the mourner's bench a chance to stretch their legs and also to tell 'em how it should be done. I didn't see any of them volunteer to skin the cat when the Lafferty's were burying the gas tanks, tho. Think of the shovel handles that don't get leaned on when a bulldozer gets on the job! Incidentally, or coincidentally if you prefer, the new filling station got started on owner Lois Cobb's birthday.

In spite of the ornerly wind last Sunday a half dozen of the soft ball stalwarts got out on the Cubs diamond and warmed up their soup bones, to coin a phrase. Monday they were a bit creaky in the joints but reported that practice was OK.

Audio-Visual Aids Shown to C of C

A triple treat program headlined by a talk and demonstration of sound-motion pictures by William H. Allen, consultant in audio-visual education for San Bernardino County, was presented to more than forty members and guests of the Joshua Tree Chamber of Commerce at its meeting in the Community Hall Friday night. Other features of the program included a report on the work of the Joshua Tree Fire Company and an explanation of the emergency equipment by R. K. Fields and B. B. Wilds, and a surprise demonstration of the sound mirror tape recording process by George Phelps, head of musical therapy in a Los Angeles hospital.

High praise was given the solicitors for funds in the Fire Company drive by Chairman Fields. He said that over \$1,000 had been contributed by local citizens and announced that out of town property owners will be asked to contribute on the same basis as local residents. While Fields was talking his speech was recorded on the sound mirror. He and the audience were amazed when the talk was played back as soon as he had finished. The chemical grenade kits recently acquired for fire

New Shell Station Started

Interment of three huge gasoline tanks at the corner of Park Boulevard and 29 Palms Hiway marked the start of construction for a Super-Shell service station last Monday. The filling station and lubrication bay will be erected by Tom Henning, contractor, for Mrs. Lois Cobb of Los Angeles, who is the owner of the corner property. Mrs. Cobb has leased the station to the Shell Oil Company, it was reported. Lafferty Brothers did the excavating and buried the gas tanks.

The total finished cost of the project is reported to be in the neighborhood of \$20,000, including \$4,500 for the lot, \$12,500 for buildings plus the cost of gas dispensing and lubricating equipment. The station will be of modern design and cement block and concrete construction. This will be a welcome addition to the Joshua Tree business district.

The contractor, Tom Henning, was recently completely cleared of charges brot against him before the Examining Board by Al Levee of Yucca Valley.

Joe Kasal, Pioneer Joshuan, Dies Sun.

Joseph John Kasal, well known pioneer citizen of Joshua Tree, died Sunday morning at 3:30 a.m. in the San Bernardino General Hospital after a long illness. Coming from Los Angeles to Joshua Tree several years ago Joe assisted at the Chevron Station and The Desert Trading Post whenever his health permitted. During the past few months his health failed rapidly and on Tuesday, March 9th, he was taken in the Joshua Tree ambulance to the hospital.

Memorial services will be held in the Joshua Tree Community Hall from 8 until 8:30 A.M. on Wednesday, March 17th, followed by Mass at the Blessed Sacrament Church in 29 Palms at 9 o'clock. Interment will take place in the 29 Palms Cemetery.

Joseph Kasal is survived by his wife Margaret and a sister, Mrs. Oliver Loeb, in Peoria, Illinois.

Dog Clinic Coming Next Week

A dog clinic to assist residents of the Tri Valley and Twentynine Palms Districts in complying with the new County Anti-Rabies Ordinance will be held on the following dates:

Monday, March 22, 1948 —
Morongo Valley — Shell Service Station and Garage — 9 to 11 a.m.
Yucca Valley — Hiway Garage, 1:00 to 3:00 p.m.
Pioneertown — Pioneertown General Office, 3:30 to 5:00 p.m.
Joshua Tree — Joshua Tree Community Building, 7:00 to 9:00 p.m.

Dana Takes Out Nomination Papers

Ross Dana, candidate for the office of County Supervisor from the First District, took out nomination papers for the important post at the San Bernardino County courthouse Thursday of last week. Mr. Dana is a resident of Big Bear Lake and announced intentions of becoming a candidate for supervisor in the June 1 primary election as early as last December.

A newspaperman for nearly 20 years, Mr. Dana has been in Big Bear Valley since 1938. During his residence in the county he has been prominent in business and civic affairs. Mr. Dana is president of the Big Bear Lake Chamber of Commerce and heads a successful road construction company in his home community in Apple Valley. Mr. Dana owns property in both mountain and desert areas and claims to have a broad knowledge of the problems and needs of the first supervisorial district which includes the great desert and mountain sections of the county.

Strong backing for Mr. Dana in all communities of the first district is claimed by his many friends and supporters.

Blanche Frye Weds Al Stevens

Surprising many of their Joshua Tree friends Blanche Frye, who baked delicious pies for the Desert Steak House, and Al Stevens, member of the Schulman Company's electrical crew, announced their marriage in Las Vegas last Thursday, March 11th.

Accompanying the bridal couple to the Nevada town for the ceremony were Mr. and Mrs. Howard Evans. Al and Howard are members of the same crew and with their co-workers are responsible for the installation of the excellent night lighting equipment at the Cubs ball field.

A dozen men and one girl armed with shovels, measuring tapes and plenty of determination Sunday braved the howling wind that whipped sand into eyes and mouths and, in a little over two hours had planted 51 trees around the grounds at the Joshua Tree Community Hall. As a reward for their civic efforts a dozen matrons of the

Monument Wanted For Prospecting

Nearly 150 members of the Western Mining Council, Inc., who attended the Southern California Regional meeting at Smith's Ranch last Thursday afternoon and evening reiterated their demand that the Joshua Tree National Monument be opened to mining activities under somewhat the same regulations that apply to Death Valley Monument. The Council asserts that mining activity would be an added tourist attraction as well as providing payrolls for this area.

In charge of registration of the delegates was Mrs. Bob Garry of Joshua Tree. Others who attended the sessions from Joshua Tree were Mr. and Mrs. Frank Wilberg, Bob Garry and B. B. Wilds. L. C. Stokes, well known Monument resident, was one of the principal speakers at the meeting.

In addition to the talk on Public Lands by Stokes the program consisted of a discussion of the 29 Palms-Indio Road by a delegation from the Indio Chamber of Commerce; Mining in the Monument presented by Karl Schapel, vice president of the 29 Palms Chapter; Minerals by Capt. Hubbard; and the Inyokern Land Deal presided over by J. P. Hall, president of the Western Mining Council.

A feature of the meeting was a large exhibit of ore specimens which impressed the many delegates.

The 29 Palms Chapter which hosted the meeting is headed by Patrick Thornton, president, Karl Schapel, vice president; H. W. Slocum, secretary-treasurer and directors Frank Sabathe, Les Spell Howard Jenkins, D. A. Crittenden, L. C. Stokes and Harry Hess.

Wilds Buys Becker Building

B. B. Wilds, owner of Wild's Variety and Hardware store on 29 Palms Hiway, announced last week that he had purchased the Becker building from Mr. and Mrs. Tommy Becker of Yucca Valley. The Beckers were pioneer business owners in Joshua Tree and their building was the first business structure erected here.

Mr. and Mrs. Wilds came to Joshua Tree from Orange County where they owned and operated markets. They operated the meat department of the Desert Trading Post before they purchased the Becker Store. Wilds is active in civic affairs here, being Vice President of the Chamber of Commerce and a member of the Fire Company.

community prepared a feast for the tree planters. The afternoon landscaping program was the final step in completion of an agreement with Donald B. Ayres, Los Angeles real estate developer, whereby he deeded to Joshua Tree Community Association the land on which is situated the Community Hall.

The Hall itself was made possible by the financial contributions of property owners and friends and the efforts of many citizens who erected the building in 1946 in time for use as a school house, chapel and civic center. The Community Association is a non-profit corporation organized to take title to the property for the community. Its Board of Directors, made up of local property owners, now includes Frank Cook, president; Mary Burson, secretary, and Mrs. H. Lafferty, treasurer. Members are C. V. Wilson, Ray Moore, Harold Jost, Willard Courtney, George Beard and Lloyd Wisner. The deed to the property was recently delivered to the Association by Ayres and has been properly recorded and filed.

Starting about 2 p.m. Sunday afternoon and laboring until the last tree was planted and watered were Patty Garry, Bob Garry, Ray Moore, Frank Leyhe, Frank Cook, Harold Jost, R. E. Stacey, B. B. Wilds, Gerald Papendick, and even the Journal editor got credit for one hole. Assorted kibitzers were on hand thruout the afternoon.

The trees were obtained thru the efforts of A. W. Walker, secretary of the County Chamber of Commerce, and the Forestry Service which delivered the trees at no cost to the community. Chinese elms,

Women's Club Will Give Homesite

An attractive residence lot will be awarded to some fortunate donor by the Joshua Tree Women's Club as part of their contribution to the festivities planned for the 3rd Annual Running of the Grand National Turtle Race Sweepstakes on May 2nd. Already a committee composed of Margaret Bair, Norma Bunker, Mildred Jaffe and Mabel Fields has distributed books of numbered tickets to many business houses for which a donation of \$3.00 will entitle the holder to a chance in the drawing.

The lot is 100 feet by 200 feet and is situated in the Alta Vista hillside tract. Proceeds from the drawing will be used to construct a kitchen addition to the Community Hall. Louise Williams is making some advertising posters for the project.

JOSHUA TREE SCHOOL NEWS by Gertrude Hagum

An electrical bird game was repaired last week by Lynn Fletcher, who used his soldering set to solder wires and a flashlight bulb. Two dry cells furnish power. Warren Marble and Norma Ojala assisted in thumbtacking colored bird pictures and names to the board.

To play the game, a student touches one pointer to a bird picture button, while touching the other pointer to a bird name button. If he guesses correctly, the bulb lights.

In this way the children will learn the names of desert birds.

Mrs. Ivy Stead of Morongo Valley made a round trip from her home to San Bernardino and back last Monday, March 8th, in the Joshua Tree ambulance. Mrs. Stead was suffering an attack of the flu and was told to go to the hospital, but on arriving there it was found that no bed was available so she had to return home. Ray Rees drove the ambulance and Edith Parrish attended the patient.

Morongo School Started This Week

Monday morning, March 15th, the school bell rang, figuratively at least, for the first time in Morongo Valley. The new teacher, Miss Beverly Duistermar, greeted the score of pupils who live in Morongo but have been attending the elementary schools in Yucca Valley and Joshua Tree. The Community Hall which was recently completed serves as the classroom for the

six grades now being taught.

Miss Duistermar is a graduate of the University at Berkeley and is in her first year of teaching. This is also her first time on the desert. Her home is Glendale but for the balance of the school year she will reside in the guest cabin at the Cyril Millingtons.

Build Your Desert Home in JOSHUA TREE

The Center of the Nation's Health Bowl

Here is desert living at its finest — big city conveniences plus the advantages of a friendly small town.

Sunshine loaded with ultra violet brings you health and a zest for living. No fog or smoke can mar the beauty of vast reaches of desert studded with Joshua trees, yucca and greasewood, while all around the ageless mountains touch the azure sky. The ills that flesh is heir to vanish overnight.

Joshua Tree retains the spirit of the hardy pioneers yet here are paved streets, electricity, telephones and an abundance of the purest water piped to every home. Restaurants, hotels, motels, shops for every immediate need are here for your convenience. This friendly desert community is an hour's ride from metropolitan centers — and only 135 miles from Los Angeles. The steady growth in population constantly creates opportunity for more shops and businesses. Investigate this up and coming community of more than 200 homes.

From Joshua Tree good desert roads lead to many spots of scenic, scientific and historical interest; a veritable happy hunting ground for the artist, photo grapher and rock hound. Here is the western gateway to the Joshua Tree National Monument with its Wonderland of Rocks, Hidden and Lost Horse Valleys, Inspiration Point and countless natural beauty spots.

CONSERVATION

The 14th Annual Conservation Week in California has just ended. The lessons it is hoped to teach thru observance of a Conservation Week each year are applicable at all times, particularly in Southern California where a fertile country developed by man from a semi-arid desert is constantly jeopardized by insufficient rainfall and the natural carelessness and indifference of humans.

The foremost enemy of our man-made paradise is fire which annually destroys too many acres of our precious vegetation. And 90 per cent of these fires are caused by the thoughtless throwing of a lighted cigaret or match, or because some selfish camper neglects to extinguish his camp-fire.

We can all profit by joining millions of other Americans in the following Conservation Pledge. "I give my pledge as an American to save and faithfully to defend from waste the natural resources of my country, its soil and minerals, its forest, waters and wild life."

Lowly Philosophy

By JUNE LeMERT PAXTON

THE JOSHUAS

I have just been reading the twelve articles incorporated in the Boy Scout Law. For many reasons this outstanding organization seems to be more necessary and more important to our country than ever before. Just think of the power for good that these boys must wield in every community in which they thrive! And lucky the community that can profit by their helpful influence!

I read: A Scout is Trustworthy; Loyal; Helpful; Friendly; Courteous; Kind; Obedient; Cheerful; Thrifty; Brave; Clean; and, a Scout is Reverent.

You and I, regardless of age or sex, can do much to promote the cause and to encourage the activities of these Boy Scouts. And, equally important, we can set a good example by incorporating into our own ways of living these same twelve articles.

GROW TURKEYS
FOR QUICK PROFITS

You can have your own home on the desert, 3,000-foot elevation, 130 miles from Los Angeles, with all city conveniences and quickly establish a business of your own. Produce turkeys for profits.

Proven territory for turkey producing. Small acreage, on easy terms, financing help in building and for feed while your turkeys are growing for market. Others are successful and you can be. Ideal healthful climate. Make your own investigation and learn how others have prospered, growing the new broad-breasted turkeys on the desert.

FACTS

Turkeys cost less to produce on the desert — profits are greater.

The turkey industry is growing by leaps and bounds.

Turkey steaks and new uses for turkey creates an ever-expanding market.

Cold storage makes turkey meat a big seller every day — not simply a Thanksgiving and Christmas holiday feast.

Turkeys have proven big money makers for many years — and the business is in its infancy.

Twentynine Palms — Forestry Fire Station, 9:00 to 12 noon; 2:00 to 5:00 p.m.; 7:00 to 9:00 p.m.

The clinical fee, which includes charge for administering Anti-Rabies vaccine and county dog license will be \$2.50 for male and spayed female dogs and \$3.00 for female dogs.

Under the provisions of the Ordinance all dogs over the age of six weeks, whether permitted their liberty or confined, must be vaccinated against rabies. Upon vaccination of each dog, a vaccination and license tag shall be attached to the dogs collar to be worn at all times. All tags issued at this time will expire June 30, 1949. Clinics will be held prior to that date for renewal.

Phone Bills Sent

Early last week Joshua Tree telephone subscribers received statements for the first six weeks of service. A few gasps were occasioned by an increase in the charge for installing the telephones. This was granted the Phone Company, so it was reported, after the local users had contracted for the service but before the instruments were actually installed.

Many Joshuans are uncertain as to the place for making payments. Miss Gladys Teeter, manager of the Joshua Tree Exchange, announced that her office at Park Boulevard and Desertaire Road will accept payment of the accounts.

At the close of the County vaccination program a county-wide drive will be made to pick up all un-licensed dogs.

fighting were displayed and explained by Wilds who told the group that the fire foreman, John Payne, and deputies Robert Duesler, Robert Barry and Wilds, each had charge of one kit. It was announced that Gladys Teeter, manager of the phone exchange, will locate the nearest available deputy when a fire is reported to her.

In an interesting presentation of aids to better teaching Allen told of the excellent results obtained by the use of models, motion pictures, film strips and photographs as a supplement to oral instruction. Using the new projector lately purchased with funds contributed to the School Committee, Allen then exhibited two 16 mm sound movies

used by county schools. The first was a film titled "Spelling is Easy," in full color, which depicted the rules for correct spelling. This was followed by another color film with sound showing the work of the great tuna fishing fleets. He told the audience that the equipment now in use in the Joshua Tree school was the finest of its kind.

George Phelps told of his interest in music as a therapeutic agent used in treatment of hospital patients. He said that a recording on the tape used in the sound mirror could be played about 10,000 times before it became useless. He presented a twenty minute program of vocal and organ music and offered to present a complete concert at some future meeting.

Chamber president Meredith Willey, before the program, introduced as new members Margaret Bair, The Joshua Tree Builders Supply represented by R. E. Stacey, Roy V. Pierpoint and Gladys Teeter. Willey announced that the 3rd Annual running of the Grand National Turtle Race Sweepstakes will

be held in Joshua Tree on Sunday, May 2nd, and that special meetings of the Board will be held soon to make plans for a bigger and better celebration of this famous event.

Guy Peterson and R. E. Stacey were elected to the Board of Directors to fill existing vacancies.
